

Item p12-1313

Chapin Polyethylene Sprayers

High density polyethylene tank is lightweight, yet durable enough to resist breaking, leaking and chemical corrosion. Has built in relief valve/pressure gauge for added safety. Long lasting zinc shut-off valve with lock-on feature. Brass nozzle adjusts from fine mist to 30' stream. Long reinforced hose resists cracks, crimps and leaks. Brass wand rotates 360°. Includes one each varied fan nozzles: 1/4, 1/3, and 1/2 gallons per minute.

Item	Description	Attributes
12-1313		Capacity (Gallon): 2.0 Usable Capacity (Gallon): 1.5 Pump: 7"/Poly Hose: 42" Extension: 12"/Brass
12-1314		Capacity (Gallon): 3.0 Usable Capacity (Gallon): 2.25 Pump: 7"/Poly Hose: 42" Extension: 18"/Brass
