Item P14-2295

Colony Debris Netting

Colony's long lasting Debris Netting protects pedestrians from falling debris and objects as well as providing a vision barrier and protection against wind. Installs easily with Nylon Cable Ties. Can be hung horizontally or vertically. Stays flexible, even in cold weather. Designed to be used as a scaffold enclosure. Please note: **This material is NOT to be used as horizontal personal netting for fall protection.** The four styles and sizes of Debris Netting listed below are in stock. Custom sizes and samples are also available upon request. UV Black Cable Ties listed below are the recommended fastener for Debris Netting. Meets or exceeds OSHA requirements, and NYC local law 61.
