

Item P10-1687

DeWalt Drywall Sander

Achieve a smooth, polished finish with this 4.7 Amp Electric Drywall Sander. The variable speed dial and dual-action trigger provides control and versatility in a variety of applications. The 9" hook-and-loop sanding pad quickly connects to sanding paper and mesh, while the articulating head allows for better reach in workspaces. To efficiently remove dust in the workplace, this Electric Drywall Sander is equipped with an Airlock™ connection to securely attach to compatible DEWALT dust extractors. Includes: tape measure, soft backing pad, and velcro hose.
