

Item P10-1324

DeWALT Portable Band Saw

DeWALT has designed some excellent features into this product. Rubber bumpers fastened to the casting prevent damage that can occur from jobsite abuse. An innovative sight light illuminates the blade area and cut line for working in dark environments. A speed control knob allows the user to tailor the blade speed for the application. An integrated hang hook allows the user to hang the saw (for example, on a Tri-Stand) without damaging the front handle or castings. 5" deep cut capacity for round or rectangular stock. 10 amp motor. Available with or without carrying case. Both models include a standard blade and hex wrench.

Item	Description	Attributes
10-1324		Model: DWM120 Speed: Variable No Load Surface Ft. Per Min.: 100'-350' Amps: 10.0 Capacity Round: 5" Capacity Rectangular Stock: 5" x 4 3/4" Tool Length: 21" Tool Weight: 15 lbs. Carrying Case: NO
