

**Item P16-0066**

**Economy Hand Truck**

General purpose 500 lb. capacity hand truck. Continuous frame for high stack capabilities. Loop handle for push, pull or lift options. Curved steel straps welded front and back allows for cylindrical object handling. Base plate offers rounded corners for safety. Supplied with either a 10" pneumatic wheel or a 10" solid foam "flat free" wheel, which is a solid, durable and puncture resistant wheel that offers the same agility a pneumatic tire would.
