

Item P14-4030

Fibre-Metal Face Protection

4" crown faceshield with a deep channel overhang seals out debris. Windows seat easily on channel tabs, are secured with locking cams. .060" thick windows are clear, optically correct, and dimensionally stable. Smooth beaded edge for extra strength. No metal bindings. Ratchet-style headgear. Padded, perforated wrap-around sweatbands add comfort and absorb perspiration. **Please note: Windows must be ordered separately. (Window size 8" x 16 1/2")**
