

**Item P10-9703**

**Generac GP Series Generators**

Compact design provides unparalleled power-to-weight ratio Large steel fuel tank with easy-to-read fuel gauge provides durability and extended run times. Covered outlets offer added protection for environment and rugged working conditions. Ergonomic fold-down locking handle make transport and storage easy. Low oil shutdown detects low oil level and protects engine. Heavy-duty never-flat wheels. Other features include a high performance alternator and low tone muffler.
