

Item P10-0296

Guardian External Shock Lanyard

The shock absorbing lanyard is the premiere free fall lanyard offered by Guardian Fall Protection. It meets all the stringent ANSI Z359.13-2013 regulations, and the integrated shock absorbing component limits average arresting forces to 900 pounds or less. It is comprised of 1" nylon web with a clear shock pack for easy inspection. 3,600 lb. connector gate on webbing.
