

Item P16-0991

Hanger Pins

Hanger pins are used in conjunction with Proplex temporary protection to attach sheets to vertical surfaces such as windows, doors, walls, and elevators without the need for taping. Hanger pins are simple, safe, quick to install, and will not loosen over time. For applications where Proplex must be bent around corners, Hanger Pins can be used to securely hold the edges in place. 500 per box.
