

Item P21-1689

Internal Alignment Tool

Ideal Fit-Up tool. Can be used on all standard weld neck flanges and great with slip on flanges. Contact points are stainless steel. One piece construction. Note: The internal Fit-up Clamp is an alignment tool. A separate lifting device to support the flange weight is recommended.

Item	Description	Attributes
13-0191	2" - 4" Internal Fit-up Clamp	Weight: 2.5 lbs.
