

**Item P12-2208**

**LGR 6000Li Portable Dehumidifier**

The LGR 6000 is perfectly sized for everyday jobs, and it's Dri-Eaz rugged, ready to withstand years of heavy use. It's also amazingly quiet yet removes more water than any other competitive unit in its class. Extreme Dewpoint Technology™ (EDT) delivers the fastest response to changing conditions. Easily ductable using built-in snap-ring mount on air outlet. Time-saving i-Series control panel displays GPP, inlet and outlet temp and RH plus maintenance prompts. Uses all-in-one 4-PRO filter: electrostatic mesh filtration with antimicrobial treatment and odor-fighting carbon. Unique spill-proof pump basin keeps in any water left after the final purge cycle.

<b>Specifications</b>
