

Item P19-0481

Low VOC Lacquer Thinner

General purpose, medium-dry grade thinner for use in thinning stains, as well as clear and pigmented nitrocellulose lacquers. Thinning will improve flow and extend dry time. Excellent for cleaning brushes, rollers and spray equipment. Do not use to thin automotive lacquers. Ultra-low VOC, biodegradable and containing no Hazardous Air Pollutants, this professional grade product is also safer choice for environment.
