

Item P10-9144

Milwaukee M18™ ROCKET™ Tower Light/Charger (Bare Tool)

Milwaukee M18™ ROCKET™ Tower Light/Charger sets up in seconds to a max height of 7' and collapses to less than 4' for easy transportation and storage. The multidirectional light head allows you to orient the three independently pivoting light heads to cast light in several directions. With an integrated AC plug, you can plug in the light with a standard extension cord and charge any M18™ REDLITHIUM™ pack or use the USB port to charge your devices on site. Delivering 6,000 lumens, it fills up large areas with TRUEVIEW™ High Definition light. For optimized control over the output and run-time, the M18™ ROCKET™ LED Light has three output settings. **K**
