

Item P16-0012

My-Te® Max Electric Winch Hoist

This heavy duty portable electric hoist offers powerful handling or diverse lifting and pulling tasks. Used for lifting heavy apparatus and motors. Ideal for in-plant use or installation of elevator equipment. Unit has positive load holding, cable tensioner for the better tracking and dynamic braking for instant stopping. Powered by a 1.25 HP motor that plugs into any 115V, AC grounded outlet. Unit is wired with a low voltage 10 foot pendant control and has a lifting capacity of up to 6000lbs. Cable drum storage holds up to 250 ft. (1/4"), 160 ft (5/16"), and 110 ft. (3/8") Heavy duty base drilled for six 9/16" mounting holes for 1/2" diameter bolts. Weight 127 lbs.
