

Item P12-0999

Quick Draw™ Flex Driver Punch Set

Punch holes from any angle. Features a multi-position flexible head that gives you the advantages of a straight and a 90° driver in one. Allows unlimited punch orientation. Both handles move while pumping which permits the user to more evenly apply pumping force with both arms. High strength hydraulic hose withstands rugged jobsite conditions. **Set includes driver, draw studs, 1/2" to 2" slugbuster punches, adapter, spacer and case. Model 7706SB.**
