

Item P15-0251

Ramset® RA27

Lower pushdown force reduces fatigue and long-lasting piston reduces downtime. Collar requires only ¼ turn for quicker cleaning. More power load-for-load provides flexibility in a wide range of applications. Patented RRC (Residue Release Channel) allows user to work longer between cleanings. Back-end padding absorbs recoil, therefore reducing fatigue. Power adjust dial provides the ability to dial down power for ideal pin embedment. Swing-out scaffold hook keeps the tool within reach. Belt/tether clip for safety. **Includes carrying case and safety glasses.**
