

Item P11-6771
10" Heavy Duty Floor Scraper & Blade

Use to remove excess drywall, mud, compound, linoleum, rubber backed carpet, adhesives and gum from floors. Use a Phillips head screw driver and a 7/16" wrench to change blades. 10" ground, hardened steel single edge blade. 52" steel handle with soft foam grip and a non-slip vinyl flange grip. Overall length 57". Steel head has a edge / lip and is the same width as the blade for added strength.
