

Item P13-0012
Ridgid 690-I Hand-Held Power Drive

Ridgid die head retaining system is a simple twist and release for the 1 1/2", 2" Die heads and die head adapter. Lightweight and portable for maintenance, repair and service plumbers. Over molded handle and contoured grip provide optimal control. Screw-in brush covers improve serviceability. Durable die cast gear housing and fiberglass reinforced plastic body to withstand demanding job site conditions. Dual "V" jaw support arm firmly prevents slipping. Controls include forward/reverse slide switch, on/off two-step momentary contact. Capacity: 1/8" - 2" 11 R Die Heads. Weight: 21.1 lbs.
