

Item P19-1198

Side Winder T-Style Blades

Side Winder cut-off saw blades are professional quality blades for concrete, brick and stone. Angled segment and curved channel give the Side Winder a faster cutting pattern than any blade in it's class. Narrow gullet design allows the Side Winder to cut as smooth as a turbo blade. Patented T-segments eliminate the problem of segment loss due to under cutting. .335" tall segments with high quality diamonds give the Side Winder outstanding life.

Item	Description	Attributes
19-1198		Diameter: 4" Arbor Size: 7/8"
19-1200		Diameter: 4 1/2" Arbor Size: 7/8"
19-1202		Diameter: 5" Arbor Size: 7/8"
19-1201		Diameter: 6" Arbor Size: 7/8"
19-1204		Diameter: 7" Arbor Size: 7/8" - Diamond KO*
19-1206		Diameter: 8" Arbor Size: 7/8" - Diamond KO*
19-1425		Diameter: 10" Arbor Size: 7/8" - Diamond KO*
19-1240		Diameter: 12" Arbor Size: 20mm
19-1207		Diameter: 14" Arbor Size: 20mm
19-1293		Diameter: 14" Arbor Size: 1"
19-1286		Diameter: 16" Arbor Size: 1"
