

**Item P16-0162**  
**Steel Lever Hoist**

The patented, advanced offset handle design allows for extra clearance between the operator's hand and the load chain. Industrial rated alloy steel hooks rotate 360 degrees for easy rigging and slowly stretch to indicate an overload situation. Durability Grade 100, corrosive resistant plated load chain is a smaller, more compact link that is 20% stronger than Grade 80 load chain. Secured with Allen screws and lock nuts, the cast-steel safety latches are more durable than stamped steel latches and will not bend out of compliance with lifting regulations. Intended for the harshest environments, the heat treated load plates and case hardened corrosive resistant internal parts extend the life of the hoist. The lightweight design with shorter handle and smaller body are ideal for confined areas and low headroom applications

Item	Description	Attributes
16-0162		Capacity (lbs.): 1,500 Capacity (Tons): 3/4 Ton Lift: 10' Handle Length: 11"
16-0163		Capacity (lbs.): 3,000 Capacity (Tons): 1-1/2 Ton Lift: 10' Handle Length: 13 1/5"
16-0165		Capacity (lbs.): 3,000 Capacity (Tons): 1-1/2 Ton Lift: 20' Handle Length: 13 1/5"
16-0166		Capacity (lbs.): 6,000 Capacity (Tons): 3 Ton Lift: 10' Handle Length: 15 5/9"
