Sumner® Series 2400 Contractor Lift

Series 2400 is super compact with a 450 lbs. lift capacity. One piece construction with no loose pieces. Easily portable for one person operation and fits most SUVs and vans. Use convenient handle for "hand truck" mobility and to position lift at point of use. Cable feeds are inside mast, removed from the operator for safety. Coffee grinder style winch features autobraking and detachable winch handles. Two plunger pins permit quick release of forks. Forks may be removed for storage or reversed for added height. (4) 3" double row casters permit easy handling of heavy loads. Casters swivel independently, are lockable to insure safety and allow for multi-directional positioning of lift.

| Item | Description | Attributes |
