

**Item P12-1455**  
**Tsurumi 2" Dewatering Pump with Auto Float**

Automatic Submersible Pump performs like the non-automatic version in every aspect of construction site usage requiring a tough and durable pump. No control panel or float switches required. Requires very small space to operate - only 8 3/4" diameter. Urethane, Semi Vortex Impeller and Wear Plates for maximum durability with maintaining pump performance. Jobsite tested for more than 30,000 on-off cycles without failure or damage.
