

**Item P12-2209**

**Wobblelight® V Series LED Work Lights**

The all new Wobblelight® V3 series has the same great patented self-righting technology with a new look. Still ideal for applications requiring temporary high output lighting for areas up 75 feet diameter. This new look features an integrated carry handle, LED panel technology and an integrated cord to give this unit a "suitable for wet location" rating. The V2 model also has a covered receptacle for interlinking units together.
