

Item P10-1130

Bosch 1 5/8" SDS Max Rotary Hammer-Variable Speed

Delivers from 6.8 to 8.1 lbs. of impact energy in rotary mode with a powerful 13.0 amp motor. SDS-Max® tool holder has an automatic locking mechanism making the insertion of bits fast, easy and secure. Features Bosch's Turbo™ Power mode that when engaged, increases hitting power by 20% for chiseling. Vibration dampening handle has a patented switch that locks on in the chisel mode. Service Reminder Light indicates the need for service 8 hours in advance of tool shutdown. **Includes 360° handle and carrying case.**
