Item P10-1185

Bosch 1-7/8" SDS-max® Rotary Hammer

1-7/8" SDS-max® rotary hammer provides nearly the same drilling / chiseling performance as the current 2" hammer. The RH850VC also provides a triple play for active vibration reduction, longer air cushion, tuned mass damper and decoupled main handle providing industry leading low vibration levels along with the best in class performance in drilling and chiseling applications.

Specifications	
Amps	13.5
No Load RPM	150 -305
No Load BPM	1,380 -,2,750
Length	21.4"
Weight	19.7 lbs.
