

**Item P10-1140**

**Bosch 12" Dual-Bevel Glide Miter Saw**

Bosch's Patented Axial-Glide™ system ensures consistent precision over tool life. Expanded cutting capacity and compact workspace allows the user to cut more in less space. Large easy to upfront bevel controls, and adjustable miter detents. All features combine to make this a super accurate and durable design. Large form fitting ergonomic handle provides comfort all-day.
