

Item P11-1186

Bosch SDS-plus® Bulldog™ Mobile Dust Extractor

Mobile dust extractor design is built to deliver maximum mobility used with the Bosch cordless GBH18V-26D D-handle Bulldog™. HEPA filter so users can move toward OSHA silica dust regulation compliance. Two Dust-Eyes and 4" extension available in 5/8" and 1" sizes for use with bits 5/32" to 1" diameter and up to 10" in length. Aluminum guide rail provides smooth retraction of the Dust Eye during the drilling application. Dust container provides capacity for up to 20 holes using a 1/2" diameter bit drilling 2" deep into concrete. Compatible with Bosch 2KG D-Handle Bulldog™ hammers – designed to fit 1" 11255VSR and 1-1/8" GBH2-28L and RH228VC corded models, as well as the 1" 18V GBH18V-26D cordless model. **Includes:** **SDS-plus® Bulldog™ Mobile Dust Extractor, dust container, HEPA filter, auxiliary handle, 5/8 in. dust eye, 1" dust eye, and 4" extension.**
