

Item P10-9901

BR450 Backpack Blower

Stihl's newest model blower features an impressive combination of power and fuel efficiency. The blowers' exceptional fuel efficiency reduces operating costs. And, its advanced ergonomic features, including an efficient starting procedure; high-quality dual adjust strap system; and noticeably low vibration level, are designed to reduce worker fatigue – even on the longest jobs. The patented Stihl 4-Mix® technology provides smooth, fast acceleration, more power and increased fuel efficiency. Other standard features include single-handed operation, translucent fuel tanks, easy-grip throttle controls with off switch and cruise control, sturdy lightweight polymer frames and built-in top carry handles. Tested per ANSI standards, the BR450 is one of the quietest and most powerful blowers in its class.
